Door Care
Care and Maintenance

As with all timber based items our products should not be stored or installed in a newly plastered or damp environment.

To avoid damage by excessive heat please follow these simple guidelines:
- When installing doors adjacent to ovens always ensure that doors are shielded by using heat deflector strips
- Never use any appliance which generates high levels of heat or concentrated steam (such as a toaster, kettle or pressure cooker) directly under or adjacent to a door or panel.

Gloss and matt colours
- After removing the protective film please allow the surface to cure for seven days before cleaning or wiping.
- Polishing High Gloss finishes will leave minor scratches and polish marks, this is normal with this type of finish.

To clean door surfaces:
- Wipe using a soft cloth with a mild, non abrasive, dishwashing detergent diluted in warm water. The mix should be 1% detergent to 99% warm water (not wet).
- Dry off with a soft dry cloth.
- You should never use any vinegar based detergents, solvents, abrasive detergents, white spirit, Brillo pads or furniture polish.

Gloss Door After Care Kit
Code: APOLISH

We have a number of Door After Care Kits available:

Gloss Door After Care Kit
- Kit includes a 235ml aerosol of VuPlex polish, micro anti scratch polishing cloth and full instructions.
- The door care kit is suitable for use with all gloss door finishes.
- VuPlex special formula cleans using safe ingredients that won't damage the surface.
- The anti static properties limit the amount of dust particles attracted to the surface that can lead to scratching.
- Accelerates the hardening process on high gloss finishes after film removal which increases protection instantly. Apply directly after removal of film.
- Leaves a coating of polymer that acts as an invisible barrier stopping small scratches & sun light fade.
- Polishes the surface leaving a high lustre streak free finish.

Supermatt Door After Care Kit
- Kit includes a 250ml spray bottle of matt laminate cleaner, microfibre cloth, magic eraser x 2 and full instructions.
- The door care kit is suitable for use with Supermatt door finishes.
- Special formula cleans using safe ingredients that won't damage the surface.
- Leaves fingerprint and streak free with a fantastic low sheen finish.

Painted Door After Care Kit
- Kit includes soft wax, applicator, scotchbrite pad and touch up pen.
- Ideal for repairing scratches and scuff marks on the Thornbury and Hadley doors.
- Available in 6 colours, specify when ordering.
