

mid-rail applied to door height from 1700mm to 2540mm

Door designs with a mid rail include:

Broadway
Canterbury
Cambridge
Gothic
Milano
Newport
Oxford
Palermo
Shaker
Surrey
Tullymore
Tuscany
Verona
Warwick
Westbury
York

Mid rail applied to doors 1700mm to 2540mm, doors up to 1699mm are supplied with a single panel design

The mid rail height will vary depending on design of door but the positioning of the rail is consistent for all designs

Positioning of mid rail is 655mm from bottom edge of door to the centre of the mid rail

Should a run of doors contain varying door heights this detail must be taken into consideration to ensure the design is maintained consistently throughout the run.

The mid-rail can be removed or added, depending on your preference, for this option you will need to call Doors Sincerely to ensure the doors are manufactured in accordance to your requirements
