

The Blum range of hinges provides a solution to most bedroom and kitchen applications, the degree of the hinge determines how far the door opens, the hinge types below allow doors to be hung in a variety of ways:

1. **Overlay:** One hinge is required for each side panel the doors are to be fitted onto

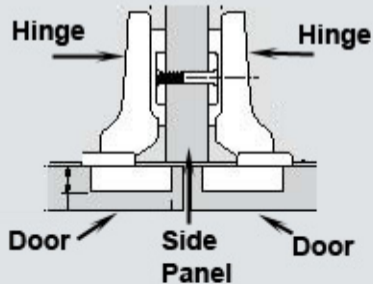

2, **Dual Application:** This type of hinge allows two doors to be hung from one side panel

3. **Inset Hinge:** Allows your doors to fit within the carcasse giving a flush finish to the frame or carcasse
